EDUCATION

2021 - 2025
INDUS UNIVERSITY

- B.Tech Computer Engineering
- CGPA - 9.30

A-ONE HIGHER SECONDARY SCHOOL

- SSC - 71.6%
- HSC - 71%

HOBBIES AND INTERESTS

- Sports
- listening to Music
- Travelling
- Gym

LANGUAGES

- English
- Hindi
- Gujarati

PROFILE SUMMARY

Motivated computer engineering student with expertise in software development and system design. Proficient in algorithms and eager to leverage programming and problem-solving skills in impactful projects. Seeking an opportunity to contribute to innovative solutions and drive company's growth.

IT SKILLS/CERTIFICATIONS

- Web Technologies: **HTML, CSS, JavaScript, Bootstrap, ReactJs**.
- Programming Languages: **Java, C, C++, Python**.
- Management Tool: **GitHub**.
- Database: **Microsoft SQL server**
- Understanding of Computer Networks and Operating System.
- Basic knowledge of data structures and algorithms.

INTERNSHIPS

Skill Development Internship   2022
At Indus University

Cyber Security Internship   2023
At Indus University

PROJECTS

- **Mobile Application Development Project**

Developed a Mobile Application to manage student profiles with functionalities such as login/signup forms, attendance reports, courses, fee details and About us section.

- **Web Technology Project**

Designed a responsive website for a music festival, featuring an overview of the event, details about the artists, date, time, venue, sponsors and payment methods using HTML, CSS and Javascript.

EXTRA CURRICULUM

- MERN Stack (Fullstack Developer) At Tops Technologies
  12/2024 - 09/2025
- Core Java at Ananya Academy
  01/2023 - 04/2023

- **Web Music player**

Developed "Melodify", a responsive music streaming web application using React.js, JavaScript, and CSS, featuring song browsing, playback controls, and an interactive UI, focused on delivering seamless user experience and applying modern frontend development practices.
